**Subject:     *Activation of Urban Health and Wellness Centre at Phunchawng.***

Sir,

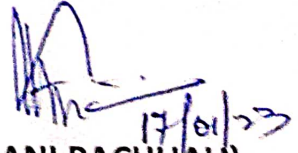

May I have the honour to inform you that the Urban Health and Wellness Centre at Phunchawng was inaugurated and activated on 16<sup>th</sup> January, 2023. As there is no available house for rent for UHWC at the moment, the Health Clinic at Phunchawng with one Health Worker staff posted was utilised for functioning of UHWC at present. The Phunchawng local council is searching for a convenient site for locating UHWC.

The function was attended by Local Council Leaders, NGO Leaders, School teachers and others. Awareness campaign was conducted at the same time.
